Beer Keeps One Well

It is a noticeable fact that those who drink beer are usually healthy men.

You find no dyspeptics among them, no nervous wrecks, no wasted, fatless men.

The reason is that beer is healthful.

The malt and the hops are nerve foods.

The habit of drinking beer keeps the body supplied with fluid to flush out the waste.

MILITIAMEN KEEPING ORDER AT CAIRO

CAIRO, Ill., Feb. 20.—The inquest held yesterday over the remains of the son of former Mayor Halliday, who was killed when the sheriff's posse fired on the mob of would-be-lynchers who attacked the jail on Thursday night, renewed the anti-negro agitation, and this city is now practically under martial law.

Sheriff Nellis, during the inquest, testified that he was compelled to use negro deputies to defend the jail Thursday night because white men refused to serve on the posse. Negro deputies who were later called to the stand admitted firing on the mob. This enraged the jury men, and it looked as though there might be trouble right in the jury room. An outbreak was averted, but the tenseness of the situation was greatly increased.

Cairo now has the appearance of a city in a state of siege. Armed militiamen are patrolling streets, and no one knows what may come next. The houses in the negro quarter are barricaded, and the colored population is panic-stricken.

EUROPEAN POWERS SEND WARNING NOTE TO CHINA.

PEKING, Feb. 20.—Great Britain and France have joined in a friendly note to the Chinese Government, recommending that China go slow with any program of building the Chungsho-Tsitsihar railroad without considering the protests made against the proposed line by both Russia and Japan.

This projected line, to start on the coast and run through Mongolia, in undisputed Chinese territory, is planned by the Chinese as a parallel line to the section of the Manchurian railroad built by Russia and captured by the Japanese in the recent war, connecting Dainy and Harbin.

It is this projected line, in particular, which Secretary Knox desired to have built by the joint capital of the powers as a neutral line.

PHILADELPHIA STREET CAR TROUBLES.

PHILADELPHIA, Feb. 20.—There was general rioting throughout the city today on the part of the striking street-car employees and their sympathizers. Attempts to run the street cars with imported help failed, the strikers attacking the strikebreakers and overturning the cars. The traffic was completely tied up by the rioters, who clashed again and again with the police.

Much property has been destroyed, and many were injured in today's street battles.

EGYPTIAN PREMIER ASSASSINATED.

CAIRO, Egypt, Feb. 20.—Boutros Pacha Chali, the Premier of Egypt, was the victim of an attempted political assassination today. His assailant was a student, who emptied a five-chambered revolver into the Premier's body at close range, every shot taking effect. In spite of the number of wounds, it is believed that the Premier will recover.

EARLY-DAYS PLANTER DEAD.

BAYONNE, Feb. 20.—Robert A. Johnson, who was associated with the late Claus Spreckels in the early irrigation and sugar developments of Hawaii, died at his home here today. Death resulted from a disease brought on by a blow wound, which he received in the Philippines.

CHANNEL GALE STOPS SHIPPING.

PARIS, Feb. 20.—A great gale is blowing across the English Channel, and all cable communication with England has been cut off. All the channel shipping is in great danger, as the gale is blowing with almost unprecedented fury.

MEMORIAL HALL TO WASHINGTON.

NEW YORK, Feb. 20.—It was announced tonight that two and a half million dollars had been pledged for the erection of a George Washington Memorial Hall, to be built in Washington.

ZALAYA IS IN SPAIN.

MADRID, Spain, Feb. 20.—Former President Zalaya of Nicaragua arrived here today.

SEATTLE TO BE WIDE OPEN TOWN

People Elect Man Who Will Run Things Free for All But Will Keep Care and Order.

SEATTLE, Wn., Feb. 9.—With the overwhelming nomination of Hiram C. Gill as the Republican candidate for mayor, Seattle today announced its decision in favor of a "wide open" town and its displeasure at the recent period of "restriction."

The fact that the Republicans cast 31,438 votes, giving Gill a majority of 3000 over his opponent A. V. Bouillon, while the Democrats cast only 2746 votes is taken by many politicians to forecast Gill's election. William Hickman Moore was nominated as his opponent by the Democrats.

Gill went before the people with the flat declaration for an open town, asserting that certain restrictions which have been enforced would be immediately removed if he was elected mayor.

The campaign was clearly conducted along the lines of this issue and political observers today look upon the result as one of the most remarkable demonstrations at the polls ever known in the northwest.

The municipal election will be held on March 8th and it is expected that a fierce campaign will be conducted. The supporters of Bouillon predict that there will be a break in the Republican ranks alleging that it will be wholly impossible for certain elements of the party to support Gill on account of his declaration in favor of "lifting the lid."

Some are asserting that a strong Republican vote will go to Moore, the Democratic candidate. The generally prevailing opinion however is that the overwhelming approval given at the polls yesterday to Gill's "wide open" platform means that he will be elected.

A SUGGESTION ON ECZEMA.

It is suggested that eczema sufferers ask the Honolulu Drug Co., Fort street, of this city, what reports he is getting from the patients who have used the oil of wintergreen liquid compound, D. D. D. Prescription.

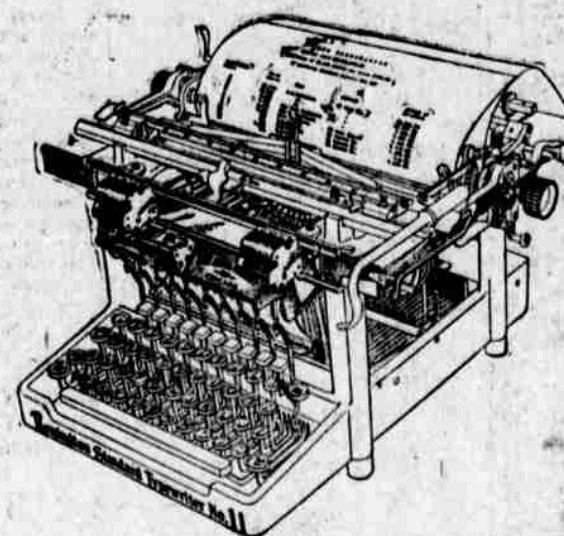

Charlie Taft has been remembered by a Brooklyn aeronaut enthusiast who recently took to the White House and gave to the President a model of an aeroplane, on a scale of one inch to the foot.
